

Why Healthy Connections is a membership based Functional Care clinic (Concierge)

What is concierge medicine?

This type of care delivery model, called Concierge Care or Concierge Medicine, is a form of care that involves 24/7 physician access, same-day appointments for Primary Care members, and highly personalized, comprehensive care. In other words we offer high-quality hospitality in healthcare.

- Longer appointment times with your provider
- Minimal waiting room time
- Highly personalized comprehensive care
- Our Providers are trained in Functional Care and Western Traditional care
- Never rushed
- Same day appointments for Primary Care members
- 2-3 day appointments for Functional Care members
- 24/7 direct physician access via telephone , texting and through Elation passport
- Value based care
- Our providers have extensive training in supplements
- Insurance does not cover the Functional Care training, knowledge and experience our providers have
- Our providers and staff prioritize your healthcare needs
- We strive to provide excellent quality care
- Our providers and staff enjoy getting to know YOU
- Responsive and knowledgeable staff
